

**Project Name: Coaching as skill for Youth Empowerment (COA-SK-YEM)**

**Agreement No: 2024-1-EL02-KA153-YOU000205124**

**Duration: From 01/08/2024 till 30/09/2025 (duration 14 months)**

I, Gonzalo Cuesta, responsible for International Relations at AEGEE Burgos, Spanish partner for the COA-SK-YEM project, confirm through this letter that both logistics and training aspects of the beforementioned project went according to the expectations.

Since the planification and preparatory phases, a clear communication was established between all involved agents, while detailed information was shared by IN-PLANET and ACEPLIA organizations, concerning every aspect of the project. Since the selection of the participants, they all received detailed indications and were properly informed on how to prepare themselves for the mobility phase.

The mobility phase consisted in well prepared workshops and activities, oriented to the training of the participants and including both relevant coaching tools and non-formal education methods. All aspects related to logistics were also of high quality, including the venue, food, cultural activities and transportation support. Additionally, during the mobility the organization made sure that all of the attendees had a clear idea on how to proceed for the dissemination, follow up and visibility of the project activities.

All participants that attended the mobility in representation of AEGEE-Burgos are not only satisfied with its implementation, but grateful and willing to implement their learning outcomes with local youngsters in the activities of our association.
