## Evaluation Letter Letter for the Implementation of the Erasmus+ Project " COA-SK-YEM "

### Identification:

**Project Name:** Coaching as Skill for Youth Empowerment (COA-SK-YEM)

**Agreement No:** 2024-1-EL02-KA153-YOU000205124

**Duration:** From 01/08/2024 till 30/09/2025 (duration 14 months)

Associação Nó Górdio was one of the partner organisations in the **COA-SK-YEM** project.

This project was under the Key Action: Learning Mobility of Individuals and under the Action Type: Mobility of young people.

On behalf of Associação Nó Górdio (Portugal), we are writing this formal evaluation letter to express our appreciation and positive assessment of our collaboration within the Erasmus+ project **COA-SK-YEM**.

As an official partner organization, we were actively involved in both the preparatory and implementation stages of the project, particularly in the dissemination of results at local and national level in Portugal, as well as in the mentoring and support of our participant group throughout this project.

### Implementation and Collaboration

From the beginning, the cooperation with the applicant organization (INPLANET) and the hosting partners was exemplary. The coordination committee guaranteed transparency and regular communication, while all partners, including Nó Górdio, contributed to the development of the educational flow, the green entrepreneurship topics, and the dissemination strategy.

Our responsibilities as a partner included:

- Selecting and preparing participants from Portugal.
- Supporting them before, during, and after the PDA with mentoring and reflection activities.
- Contributing to the educational content, especially regarding non-formal learning methodologies and circular economy practices.
- Leading dissemination actions in Portugal through schools, municipalities, NGOs, and our communication channels.

## Monitoring, Evaluation & Impact

We observed that the applicant and hosting partners ensured continuous monitoring and evaluation processes, and we were able to actively contribute to reflection circles, feedback mechanisms, and the Youthpass validation of learning outcomes.

The impact for our participants was highly positive: they improved their competences in entrepreneurship, sustainability, and intercultural dialogue, while also reinforcing their employability and civic engagement. At the organizational level, Nó Górdio gained new partnerships and increased capacity for future European cooperation.

## Confirmation

We confirm that INPLANET and the consortium:

- Fully respected and implemented the Erasmus+ Youth Quality Standards.
- Promoted meaningful youth participation, non-formal learning, and sustainable practices.
- Ensured excellent communication and cooperation with all partners.
- Delivered a project of high educational and social value with long-lasting impact.

We are proud to have been part of COACHING PDA and look forward to continuing our collaboration in future initiatives, building on the strong foundations created by this project.

With appreciation,

For Associação Nó Górdio,

Valongo, 10<sup>th</sup> of September of 2025
